Subject: A.R. 323

Board of State Prison Commission,

I Correctional Officer Likens am sending this email in regards to AR 323 and to voice my opinion against this Ar.
AR 323 is in direct violation of NAC 284.554 and this is penalizing staff for using an earned benefit. I would also like to impress upon the Prison Board the need to revoke Director Skolniks power to draft up and enforce his own temporary AR's in his attempt to supercede the Prison Boards authority and to back door the Correctional Officers of this State. I wish I could be there to attend the upcoming Prison Board meeting but can't due to my work schedule.

Sincerely,
Anthony Likens
Correctional Officer (LCC)
